

## Take A Hike

### The National Parks

Sometimes at night when everything is still  
The moon is bright, I got space to fill in my mind  
I think about life  
And how I don't know what I don't know  
It's an overwhelming thought, it's a great big world  
And I wonder who am I

I thought I knew right where I was at  
'Til you showed me places not on a map

You got mystic in your heart, the wilderness in your soul  
There's so much of you that I'm dying to explore  
You're a mountain of mystery, a view that's worth the climb  
And baby I wanna take a hike

Getting lost took me by surprise  
Tears running like rivers on sleepless nights  
The thought of home seemed so far  
'Til you found me right where I was at  
Yeah if I'm with you then lost ain't so bad  
'Cause

You got mystic in your heart, the wilderness in your soul  
There's so much of you that I'm dying to explore  
You're a mountain of mystery, a view that's worth the climb  
And baby I wanna take a hike

I was in a landlocked place  
You came crashing like an ocean wave  
And everything changed

You got mystic in your heart, the wilderness in your soul  
There's so much of you that I'm dying to explore  
You're a mountain of mystery, a view that's worth the climb  
And baby I, yeah baby I wanna take a hike
