

Our Last Adventure

The Nearly Deads

I can't promise that it will be worth the time that's past
But I will do my best to make it last
Cause this is all I have to give, it's all I have to give
And I don't believe in second chances
And all my lies caught up on me

So take it and run, this could be our last adventure
I will not look back with regret
We are young and we are broken
But we are free and we don't hold on to anything

I say that it's not over
We will survive
I say that it's not over
We will survive

And I can't promise that your heart will never break
And I will do my best to put it all together
We are young and we are broken
But we are free and we don't hold on to anything

I say that it's not over
We will survive with our heads on high
I say that it's not over
We will survive, we will survive

My eyes have finally been opened
It's time to start a revolution
My eyes have finally been opened
They're opened

I say that it's not over
We will survive with our heads on high
I say that it's not over
We will survive, we will survive
