## The Network

Asphyxia  
Now I'm gonna pop  
Asphyxia  
Sloppy little knot  
Give it all you've got  
Asphyxia  
Spiky leather belt  
Asphyxia  
Mmm, make the ice cream melt  
Best I ever felt!

What's the latest craze that's going around?  
Asphyxia  
Squeeze it so tight  
Till you fall on the ground  
Finding lovers playing and hanging around  
Asphyxia  
Make it so hard  
But you can't make a sound

You go in, and out, in, in, and out  
In, and out, in, in, and out  
In, and out, in, in, and out  
Till you get knocked out

Asphyxia  
Now I'm gonna pop  
Asphyxia  
Never wanna stop, bottom to the top  
Asphyxia  
I need you tonight  
It's a new sensation  
When you wanna swing like David Carradine

Take this belt from my throat, grasshopper  
Swing it, baby, baby, baby, baby  
You're a real show-stopper  
Try not to stress  
Asphyxia  
Try baby, try baby, try baby, not to do it in excess
