

Degenerate

The Network

Trip around in the desert city
Trip around on the sun (Don't go baby)
Take a trip in the dead man's city
Trip around on the sun (Don't go baby)

Chaos and the masses
Hoi polloi and the classes
Folk and the common people

Give me anesthesia in a vigilante city
Where the degenerate and the outlaw go
Got an icky feeling but it ain't self-pity
Think I'm gonna panic so come on let's go

Don't push me
(It's not a demonstration)
Don't push me
(It's not a demonstration)
Don't push me
(It's just a demonstration)
Don't push me!

Give me anesthesia in a vigilante city
Where the degenerate and the outlaw go
Got an icky feeling but it ain't self-pity
Think I'm gonna panic so come on let go

Do you trust your feelings?
Do you trust your head? (Don't go baby)
I've got a queasy feelin'
As we count the dead (Don't go baby)

Chaos and the masses
Hoi polloi and the classes
Poking the common people

Give me anesthesia in a vigilante city
Where the degenerate and the outlaw go
Got an icky feeling but it ain't self-pity
Think I'm gonna panic so come on let's go

Don't push me
(It's not a demonstration)
Don't push me

Don't push me
