

Threat Level Midnight

The Network

Danger
It's coming from the sky
Danger danger
It's unidentified
Danger whoa-oh
We won't make it out alive
Danger whoa-oh-oh
We're only gonna die

Running for your life
It's alive
Nowhere we can go
Running for your life
It's alive
Nowhere we can go
Threat level midnight

Danger
Call it a prophecy
Danger danger
It's my atrocity
Danger whoa-oh
It's my apocalypse
Danger whoa-oh-oh
And we cannot resist

Running for your life
It's alive
Nowhere we can go
Running for your life
It's alive
Nowhere we can go
Threat level midnight

The skies are falling from the sun that never quits
Like Nazi weather storms or an army on a blitz
We kneel and pray to a god that doesn't exist

Running for your life
It's alive
Nowhere we can go (Threat level midnight)
Running for your life
It's alive
Nowhere we can go (Threat level midnight)
Running for your life
It's alive
Nowhere we can go (Threat level midnight)
Running for your life
It's alive
Nowhere we can go (Threat level midnight)
