

Time Capsule

The Network

Throw away the key, 1983
It's a big chill, our anatomy
It's a rebel yell, in a bombshell
It's the answer, is it cancer?

Open up two, open up two thousand (ninety nine)
Open up two, open up two thousand (ninety nine)
Open up two, open up two thousand (ninety nine)
Open up two, open up two thousand

It's atomic, Reaganomic
And Patrick Nagel in a coffin
Just say no to the USSR
Is it HIV, is it you and me?

Open up two, open up two thousand (ninety nine)
Open up two, open up two thousand (ninety nine)
Open up two, open up two thousand (ninety nine)
Open up two, open up two (thousand ninety nine)

Max Headroom in the bedroom
And Cabbage Patch Kids in DeLorean's
Elvis Presley on a CD
And Hitler's diaries, the King of Comedy
