

## Fountain of Youth

The New Amsterdams

Come if you can  
Call if you must  
Drink what you bring  
Don't share it with us  
Wearied, then rest  
Don't drink if you drive  
We'll save you the best  
Take what you like

Dive through the pond  
The lake is a pool  
And do what you want  
Laugh like a fool  
A secret to this,  
I'll tell you the truth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth

Come if you can  
Call if you must  
Drink what you bring  
Don't share it with us  
A secret to this,  
I'll tell you the truth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth  
Maybe this is the fountain of youth
