

## Wasted Kisses

### The New Power Generation

Why did I waste my kisses on u, baby?  
Why did I waste my kisses on you now?  
Why did I waste my kisses on u, baby?  
Why did I waste my kisses on you now?

Overdue... that's how I described the hour  
The minute, the moment that I first laid eyes on u  
I guess I knew that sooner or later this power  
Would manifest itself into a rendezvous

Small dark room... that's where I let you smother  
In front of your (gut, tell another)  
Why should I care?

Cheap perfume all over those burgundy stockings  
The ones I tied you up with  
I shoulda just left 'em there (shoulda just left 'em there)  
Why'd I waste my kisses on u?

Why did I waste my kisses on u, baby?

Why'd I waste my kisses on u, baby? (on u)  
Why did I waste my kisses on you now?  
Why'd I waste my kisses on u, baby? (on u)  
Why did I waste my kisses on you now?
