

All I Ever Needed

The New Roses

Well some folks wanna gamble
And some wanna play it safe
Some folks wanna live forever
And some want one foot in their grave
Some folks want to be righteous
And some just wanna win
Some folks wanna finish
And some want to begin

But I don't mind

Cause all I want is you forever
And all I need is you right now
Well I wanted so many things in my life
But it's true
That all I ever needed was you
Was you

Well I wanted attention
The spotlight in my face
I wanted competition
I turned my life into a race
Then I wanted the bottle
Cause I didn't wanna know
About all those things I wanted
Were coming back to take their toll

I should have known

That all I want is you forever
And all I need is you right now
Well I wanted so many things in my life
But it's true
That all I ever needed was...

You are everything that I've been trying to find all this time
And I swear I follow you wherever you will go cause I know

I wanted gold and silver
And I got something real
I wanted one thing, just one thing
That I could really feel
And now I feel

That all I want is you forever
And all I need is you right now
Well I wanted so many things in my life
But it's true
That all I need is you
All I need is you

And all I want, all I need
All I ever dreamed of was you
