

Bring The Thunder

The New Roses

Sit up, straight comb your hair, be a little more like your brother
Go to school, ditch your friends, save your cash and listen to your mother
But what I want, what I need ain't exactly what you've planned out for me
So let me out, let me go, let me fall from grace cause it's all I know

I don't wanna live forever, I don't aim for innocence
I don't walk in line in nobody's footprints
I'm not here to ask permission, I'm not here to be unheard
And I shout it out for all of those who wonder
I am here to bring the thunder
Bring the thunder
Bring the thunder

Get a job, work real hard, step into the footprints of your father
Suck it up, crack a smile, always keep your feelings undercover
Try to tame, try to train but you never get the wild out of me
So hunker up, step aside, get out of the way cause a storm will rise

I don't wanna live forever, I don't aim for innocence
I don't walk in line in nobody's footprints
I'm not here to ask permission, I'm not here to be unheard
And I shout it out for all of those who wonder
I am here to bring the thunder
Bring the thunder
Bring the thunder

I don't wanna live forever, I don't aim for innocence
I don't walk in line in nobody's footprints
I'm not here to ask permission, I'm not here to be unheard
And I shout it out for all of those who wonder
I am here to bring the thunder
Bring the thunder
Bring the thunder
