

Dancing On A Razor Blade

The New Roses

Yeah
Oh, yeah
Yeah

I am a record and she is the needle
(Because she plays you like her favorite song)
I am the tide and she is the moon
(Because she push and pulls you all night long)

Well, I am a rock and she makes the road
I'm a compass and she is my North Pole, I said

My baby, got me dancing on a razor blade
And I just had to say that I like it
Before it's late
Ooh, I'm dancing on a razor blade
Dancing on a razor balde
Here we go

I am a candle and she is the flame
(Because she let's you burn down to the ground)
I am a cot and she is the wind
(Because she brings you up and throws you down)
I am the desert and she is the heat
She is the show and I am the freak, I said

My baby, got me dancing on a razor blade
And I just had to say that I like it
Before it's late
Ooh, dancing on this long, long, long, this long
I can't escape
I wanna stay and watch it escalate
'Cause for my baby
I'm dancing on a razor blade, yeah

They say I must be blind
Or that I lost my mind but
They keep their point of view
Only until they start dancing too, yeah

Hey, come on

My baby, got me dancing on a razor blade
And I just had to say that I like it
Before it's late
Baby, got me dancing on a razor blade

And I just had to say that I like it
Before it's late
And I don't give a damn about long, long, long, this long
I can't escape
I wanna stay and watch it escalate
'Cause for my baby
I'm dancing on a razor blade

Ooh, I'm dancing on a razor blade
Dancing on a razor blade, yeah

Come on and dance, dance, dance
Come on
Oh-oh-oh
