The Night Café

Please just say that you want me
Please my eyes but plague the heart
Please make this as easy as it can be
I know that I should've said it from the start but

You go, they're waiting there for you
Really don't have to try
You go, they're waiting there for you, there for you
It's a shame

I didn't mean to shut you out
I get stuck, I can't open my mouth
I should've said I loved you from the start
Yes I've been down for a little while, I'll come up again
I know that I should've said it from the start

You go, they're waiting there for you
Really don't have to try
You go, they're waiting there for you, there for you
It's a...

A shame I've lost it all
Yes, it's clearer now

You go, they're waiting there for you
Really don't have to try
You go, they're waiting there for you, there for you
It's a shame I've lost it all
Yes, it's clearer now
Please just say that you want me, that you need me
It's a...
