

## Strange Clothes

The Night Café

You can't explain how your feeling  
Whole world's been turned upside down  
But I hope that you notice the strange clothes

Get away from the feeling  
And there's a resonance so cold  
But I hope  
That you notice the strange clothes you're wearing

And I swear down, yeah, I swear down  
If I could then I would  
Feel it all for you

Just keep your head up  
You can't feel this dance when your gut hurts  
But I hope  
That you notice the strange clothes you're wearing

And I swear down, yeah, I swear down  
If I could then I would  
Feel it all for you
