

Burn For Me

The Night Flight Orchestra

There's a certain desperation when we touch
Like a tiny bit of always
Disappearing in a rush
As the present crawls towards a bitter end
There will never be a better way
To make this poor heart mend

A sensation that I've never had before
It's impossible but still I'm wanting more

If you burn for me
Like I burn for you
If you burn for me
I will burn
Burn for
Burn for you

There's a tiny bit of sadness in your laugh
Let's forget about the future
And the things we'll never have
We'll get lost in the eternity of now
We might lose it in a moment
But I need it anyhow

A sensation that I've never had before
It's impossible but still I'm wanting more

If you burn for me
Like I burn for you
If you burn for me
I will burn
Burn for
Burn for you

If you burn for me
Like I burn for you
If you burn for me
I will burn
Burn for
Burn for you
Burn burn burn, burn for you
