[Biggie] Yeah... fuck you  
[Lil Kim] Fuck you too!  
[B.I.G.] Fuck you bitch  
[Lil Kim] Fuck you motherfucker  
[B.I.G.] You ain't shit anyway, fuck you  
[Lil Kim] You ain't shit, you fat motherfucker  
[B.I.G.] Yeah, whatever whatever  
[Lil Kim] Whatever  
[B.I.G.] You wasn't saying that when you was sucking my dick  
[Lil Kim] You wasn't saying that when you was eating my pussy!  
You a nasty motherfucker!  
[B.I.G.] Check it, uhh  
[Lil Kim] Crab ass

What do ya do when yo' bitch is untrue?  
You cut that hooker off and find someone new  
I need another bitch (another bitch), in my life

Uh-huh, uhh, uhh  
I know he don't treat you like I treat you  
Time to explain the game you see through  
Sex is lethal, I ain't gonna lie  
Means to get ya back, I ain't gonna try  
Like this you all, my girl sucked another nigga dick y'all  
Light skinned with the chrome out six y'all  
Thought they was creeping, two trips to V-A every third weekend  
While you was sleeping, he hit you on the box  
Sixty-nine go non-stop  
Should've left ya then, but my heart said not  
You knew too much, the relationship grew too much  
You knew about the crack vials, means to be trialed  
Way I hid dough under the bathroom towel  
Waited for a while, thought you was my right thing  
Then things got frightening  
Peep the scene, sorta like Sam Rosten  
Guess you ginger, huh, go figure  
Never thought you could be a gold digger  
Take my dough and spend with the next nigga  
Asked my man Trigga, my ace boom coon  
Told me cut the bitch off 'fore the shit balloon  
Now I'm like Brandy, Sittin In My Room  
Pissy drunk listening to Stylistic tunes  
Or the O-Jays, thinkin bout the old days  
My nigga's like, fuck that bitch, go play  
Baller, did she beep you? Don't call her  
Guess who I seen, that freak bitch Paula  
She was asking bout ya whereabouts  
Here's the digits, I know you can wear that out  
Tear that out the frame, ya game so tight  
You'll be all fucking night

What do ya do when your man is untrue?  
Do you cut the sucker off and find someone new?  
I need another man, in my life

Mmm, uhhh, uhhh!  
Member when you said you would die for me, shit  
All of that was just lies to me  
Motherfucker should've never said bye to me  
Now you cry for me, like Jodeci  
It's like that y'all, my nigga hit another bitch from the back y'all  
Black nasty and matter fact you all  
Should've seen the hoe, nigga pack ya shit  
You out the door, oh  
What about the fight in the Mirage?  
I seen ya Benz, parked outside my sister's garage  
Said it was ya friend Rog, bullshit  
I ain't gonna keep puttin up wit the bullshit  
And still I, never sweat these bitches  
Who be hanged like plaques on the wall and ya pictures  
Scaling fishes, my love is concrete  
Stashin ya heat in the passenger seat  
of the Nautica Jeep, we've been down for so long  
Still a bitch like me trying to hold on  
Teary eyed, damn a bitch steaming  
Girls steady screaming, 'Kim you need to leave him!'  
When I testified in court, couldn't think straight  
thinkin bout the bitches I fought  
over you, nigga half the shit you bought  
And fuck you, moving is my last resort  
You see nine outta ten niggas, ain't shit  
One outta five niggas suck a dick  
Ya mad at me, too bad she ain't as bad as me  
Could've kept the freak bitch off my canape  
Now you see, ain't no pussy warm as mine  
Long as mine, ain't no love as strong as this  
When I sucked ya dick, it's like smocking a roach  
Uhh, I go from first class to coach
