

Tell me what you taste  
Will stay forever with you  
Tell me what you taste

I know your buddy is sleeping  
I know your buddy is sleeping  
Sleeping

Tell me what it takes  
To stay forever with you  
Tell me what it takes

I know your buddy is sleeping  
I know your buddy is sleeping  
Sleeping  
With you

Jump off 'cause nothing lingers alone  
Jump off forever and now

Jump off 'cause nothing lingers alone  
Jump off forever and now

Tell me what you taste  
Will stay forever with you  
Tell me what you taste

I know your buddy is sleeping  
I know your buddy is sleeping  
Sleeping  
With you

Jump off 'cause nothing lingers alone  
Jump off forever and now

Jump off 'cause nothing lingers alone  
Jump off forever and now

Forever and now  
Forever and now  
Forever and now  
Forever and now
