

## One With The Freaks

The Notwist

You'll no longer be kissed  
And kind, as you long for  
Intuition, as you have to  
Learn the lesson twice  
You'll no longer be kissed  
And kind, as you long for  
Intuition, as you have to  
Say the password twice

Have you ever, have you ever  
Been all messed up,  
Have you ever?  
Have you ever, have you ever  
Been all messed up,  
Have you ever?

You're the pin card, you're  
The lifeguard, you're the  
Information guy, but things  
Look much bigger on the  
Knees, on your knees.  
Miss the signal, miss the  
Signpost, lose the access to  
It all. and all of a sudden  
You are one with the freaks.

Have you ever, have you ever  
Been all messed up,  
Have you ever?  
Have you ever, have you ever  
Been all messed up,  
Have you ever?
