

Deeper (In Love With You)

The O'Jays

Deeper in love, in love with you
Deeper in love with you

With every step I make
With every breath I take
I believe I'm falling more in love with you, girl

Oh, what is this magic veil
That you put on me so well?
When I look into your eyes they always say, oh

Deeper, just a little bit deeper
Ah, oh (little bit) deeper
Just a little bit deeper, oh
Deeper in love, in love with you-a
Deeper in love with you (in love, in love with you)

Weather it's wrong or right
I just can't help myself
It seems I'm just a victim of circumstance

And I've grown accustomed to your ways
I could never break away
'Cause when I look into your eyes they always say, oh

(Deeper), deep, deep, deep, a little bit deeper
Oh-oh, (a little bit) deeper
Just a little bit deeper, oh
Deeper in love, in love with you-a
Deeper in love with you, oh (in love, in love with you)
(Deeper in love, in love with you) baby, honey, oh

Deeper, just a little bit deeper
Ah, oh (little bit) deeper
Just a little bit deeper, oh
(A little bit) deeper, just a little bit deeper
Ah, oh, a little bit deeper
Just a little bit deeper
Oh, honey, baby (deeper in love, in love with you)
Come on, I can't help myself (deeper in love, in love with you)

Deeper, huh, a little bit deeper
Oh, (a little bit) deeper
Just a little bit deeper, oh
Deeper in love, in love with you-a
Deeper in love with you, oh (in love, in love with you)
Deep, deep, deep, a little bit deeper
I'm all in, deeper, huh
Just a little bit deeper
