

## It's Christmas Time Once Again

The Oak Ridge Boys

Tinsel and holly lights all aglow  
Folks being jolly wherever you go  
That wonderful feeling everyone knows  
It's Christmas time once again

Snowflakes and candy, pretty paper and bows  
Sweethearts romancing beneath the mistletoe  
Kids in their bedroom ready for snow  
It's Christmas time once again

Family and friends, people you care for  
Seem to mean more this time of year  
New year begins bringing hope for the future  
The air is alive with the feeling of holiday cheer

Whiskers and reindeer, sleigh bells and joy  
Magic and laughter, presents and toys  
Smiles on the faces of each girl and boy  
It's Christmas time once again  
Why does it have to end  
It's Christmas time once again
