

Santa's Song

The Oak Ridge Boys

Well, my name is Santa and I live up north
Gonna land my reindeer on your porch
If you've been good, little girls and boys
I'll put some goodies in your stockings
And I'll leave you some toys

All night long, I'm singin' my song
Sayin' Ho Ho Ho as I'm flyin' along

Got a big ol' belly that shakes when I laugh
With a lot of ground to cover, I've gotta move fast
On Dasher and Blitzen, got a lot to do
When the sun comes up tomorrow, we gotta be through

All night long, I'm singin' my song
Sayin' Ho Ho Ho as I'm flyin' along

Got a long white beard that gets in the way
Got a red and white suit and a magic sleigh
Got a lot of little elves that help me do it right
Merry Christmas to you all and to all a good night

All night long, I'm singin' my song
Sayin' Ho Ho Ho as I'm flyin' along
All night long, I'm singin' my song
Sayin' Ho Ho Ho as I'm flyin' along
