

When I'm With You

The Oak Ridge Boys

I know it's late to be calling
But I just can't get to sleep
I've got something heavy on my mind
And I'm afraid it just won't keep

You always understand my feelings
And you love the hurt away
There's not a single doubt left in my mind
With you is where I need to stay

When I'm with you
I find myself believing
In your love, just enough
To make my dream come true
When I'm with you
I wonder where dreams stop and you begin
Time and again
The dream comes true for me when I'm with you

My cup is full and running over
With sweet love that came from you
What I'm saying's coming from my heart
I'll be forever loving you

The dream comes true for me when I'm with you
