

## 10 10 Cloud Deck

The Ocean Blue

She's seventeen  
by only a day  
Sass magazine  
whatever they say  
You don't believe her  
You can't believe her  
You won't believe her now  
Bad wasted boy  
he's mad at the world  
Sings angry stupid songs  
and rakes in the dough  
You don't believe him  
You can't believe him  
You won't believe him now  
Meet cappicheek  
it's driving her wild  
Sweet little buttercup  
I'll eat you right up  
You don't believe them  
You can't believe them  
You won't believe them now  
All that she wants  
is life on a cloud  
All that she'll ever get  
is life in the clouds
