

Blow My Mind

The Ocean Blue

Suddenly, softly, warmly
You fall behind
Mystery over me under me
And blow my mind

This sorry ever after
This sorry after no more
This sorry ever after
This sorry after no more

Suddenly, softly, warmly
You held my hand
Water me cover me reach me
And blow my mind

This sorry ever after
This sorry after no more
Now and the ever after
Long before the ever after you knew

* choral interlude

Suddenly, suddenly, subtly
You rule my mind
