

# Lapis Lazuli

The Oh Hellos

I don't mean to speak so collectively  
I know I don't make it easy  
To even wanna hear it  
What can I say, what can I say, what can I say  
'Cause the more I recite it  
The more you wanna fight it  
The more my language is sounding fabricated

If there's one thing I know  
It's either the growing is slow  
Or it cuts to the bone  
Moving too quickly

So I'll keep half of my words in my mouth  
Let the syllables fall out  
At a steady trickling  
I'll be your roof caving in

You don't know what you don't know yet  
Yeah, I go on forgetting it  
Don't you go on forgetting it, too

Don't you go on forgetting it

I don't meant to speak so intrusively  
I know I don't make it easy  
To even wanna see it  
Nothing old, nothing new

Well if there's two things I know  
It's that the sky looked white and the water like wine  
When I first met you

But somewhere along the line  
Rayleigh scattered across my eye  
And I found her blue  
Yeah, I found her blue

You don't know what you don't know yet  
Yeah, I go on forgetting it  
Don't you go on forgetting it, too

Don't you go on forgetting it  
Don't you go on forgetting it

I must have found a new cone in my eye  
What other Lapis Lazuli was hiding  
Behind my color blindness  
What did I miss, what did I miss, what did I miss
