

Spring Succeeds

The Olivia Tremor Control

i spring up from the ground i stretch myself up
and have a look around
this whole world
carry me like the wind
cause i'm a seed to throw
when you hear the sound you'll know

take a little time for yourself
i'm swaying here beneath the climb
fish sign daisy
breaks the earth
and grows beside me
when you hear the sound you'll grow
and take a little time for yourself
when you hear the sound you'll glow
and take a little time for yourself
