

Come Quickly I'm Falling

The Ongoing Concept

The ocean waves are calling
But I'm falling deeper and deeper
The ocean waves are calling
But I'm falling deeper and deeper into the sea

This is my time to shine
I've got to prove that I'm here for you
You keep falling and falling
I keep lifting you back up
You keep falling
I'm here for you

The ocean waves are calling
But I'm falling deeper and deeper
The ocean waves are calling
But I'm falling deeper and deeper into the sea

Falling deeper into the sea

The ocean waves are calling
But I'm falling deeper and deeper
The ocean waves are calling
But I'm falling deeper and deeper into the sea
Because you've always been there for me I'll move on
But you keep watching me
I'll try to over see your life
But you keep falling and falling

The ocean waves are calling
But I'm falling deeper and deeper
The ocean waves are calling
But I'm falling deeper and deeper into the sea
