

Feel

The Ongoing Concept

When I saw your face for the very first time
Well I thought I could do anything I wanted to do
I was wrong

You make me feel like I am worth nothing
Don't you know? I feel like hell and that ain't right
You make me feel like I am worth nothing
But you're my inspiration

Glorify the opposition
I just want your satisfaction

I'll never stop 'till you're satisfied

Look in my eye
What do you see? What do you want to see?
Am I worth nothing?
I feel like hell and that ain't right

You make me feel like I am worth nothing
Don't you know? I feel like hell and that ain't right
You make me feel like I am worth nothing
But you're my inspiration

Glorify the opposition
I just want your satisfaction

I'll never stop 'till you're satisfied
I want your satisfaction
Cause you're my inspiration
I just want your satisfaction
