

## Like Autumn

### The Ongoing Concept

Where is your foundation?  
We took all you had out from under your feet  
And you can't stand alone  
Pretending to our face that you're someone innocent (innocent)  
When the news hit and you weren't coming around no more  
You started to fall  
And it didn't take long  
Before you hit rock bottom  
Harder than a stone hits the ground (you hit rock bottom)  
You hit rock bottom harder than a stone hits the ground

But we couldn't continue to ignore that you only wanted the prize  
But weren't willing to walk the walk, the walk  
We've seen everything that you wanted to be, nothing else  
We've seen everything that you wanted to be: fame, riches, glory

You weren't the wisest decision we've made  
I can assure you that we won't make the same mistake  
Your voice is in our past  
And we'll always remember  
Like autumn you changed (you changed)  
Like autumn you changed  
But you're not the same anymore  
Like autumn you changed (you changed)  
Like autumn you changed, but not for the better  
Not for the better, better  
Not for the better

I'm not here to point my fingers  
Or kick you while you're down  
No one stays angry forever  
But I forgot to tell you...

And I forgot to tell you  
And I said  
Oh yeah, I forgot to tell you  
You're on your own  
Your own, your own, your own  
And oh yeah, I forgot to tell you  
You're on your...  
Oh yeah, I forgot to tell you  
And I said, oh yeah, I forgot to tell you  
You're on your own  
I forgot to tell you  
That you're on your own  
You're on your own
