

# Little Situation

## The Ongoing Concept

This is not my plan  
I just saw you  
You were headed down that road  
That long and lonely road  
I saw them before you saw them yourself  
You couldn't stop them  
I only thought that I was helping  
I guess I wasn't

I saw you in a little situation  
You were stuck in your ways  
I saw you in a little situation  
I had to rescue you  
I saw you in a little situation  
You were stuck in your ways  
I saw you, I saw you in a little situation

I don't know who you even are  
Yet you're the one who's running  
I don't know why I am the one here  
I won't stand here, I won't stand still  
Not when I've got the chance  
To prove that I'm still the one  
That will save you from that ride

Hold on, don't worry, I'm on my way  
I don't know why I'm here but I know it was meant to be, to be

(I saw you)  
I saw you in a little situation  
You were stuck in your ways  
I saw you in a little situation  
I had to rescue you  
I won't let the stranger be left astray  
When I have the chance to make things better  
I saw you in a little situation  
I had to rescue you

Oh baby, a situation  
I saw you in a little situation

Hold on, don't worry, I'm on my way  
I'll rescue you no matter what you say  
Your faith in me is fading fast  
Don't worry, don't worry  
I won't stand here, standing still  
As long as I got the means to make things right  
I won't let you go astray

There's no time  
I'm gonna get you out alive  
There's no freedom unless I get you out of this situation  
There's no time  
I'm gonna get you out alive  
There's no freedom unless I get you out of this situation

I will get you out alive (I'll get you out alive)

I will get you out alive (of this little situation)  
I will get you out alive (I'll get you out alive)  
I will get you out alive  
Out of this little situation (alive)

I saw you in a little situation  
You were stuck in your ways  
I saw you in a little situation  
I had to rescue you  
I won't let the stranger be left astray  
When I have the chance to make things better  
I saw you in a little situation  
I had to rescue you

Had to rescue you, rescue you  
I had to rescue you  
Hold on, don't worry, I'm on my way
