

## Saloon Again

### The Ongoing Concept

I see your face again  
And I can't keep myself away from grabbing your neck  
You don't know where I've been  
'Cause I've been lurking in the shadows  
Deal the cards again  
You stole her once  
You stole her twice  
I'll pay her ransom with your blood  
It's not enough  
It's not enough  
I guess the slaughter's upon us

Hey bartender, you mind I break this chair?  
I've got some business to settle

Let's deal the cards again  
'Cause I am going all in  
Let's deal the cards again  
Trickery at its worst  
I see your eyes  
And call your bluff  
Perceive your lies  
And suffering's all I see

Trickery  
You think that I am blind to  
Your cunning and all of your double-dealings?  
I've caught you red-handed  
Let's deal the cards again  
Let's deal the cards again  
Let's deal the cards again  
'Cause there's no way that you will be able to cheat anymore

Put your hands behind your back  
You know you'll never be the same again  
I'm taking back all that is mine  
Now I have got the upper hand

Mistaken me for someone I used to be  
I'm done with it, I'm done with it  
No your trickery will never defeat me

Deal the cards  
For the last time  
Deal them now  
Deal the cards or find a slug between your head and your mouth  
Giddy up

Tricked me once  
Tricked me twice  
Burn this bed of lies  
Cut out, cut out, cut out your tongue  
We've got a cheater in the house  
And we all know how that went last time

I don't know where I'm going but I know where I've been  
I'm done with it now

I've spent so many days trying to find my way back home  
There's nothing you can say  
I don't know where I'm going but I know where I've been  
To bring me back now  
There's a cheater in the house, and I won't stand for it anymore

Trickery  
You think that I am blind to  
Your cunning and all of your double-dealings?  
I've caught you red-handed  
Let's deal the cards again  
Let's deal the cards again  
Let's deal the cards again  
'Cause there's no way that you will be able to cheat anymore

Oh God you better be dead  
You better be dead this time  
Indignant murderous eyes  
You can't keep hiding from me  
As you breathe your last  
Hands around your neck  
I'll watch with merciless eyes  
As a demon goes down then so do their lies

Put your hands behind your back  
You know you'll never be the same again  
I'm taking back all that is mine  
Now I have got the upper hand

Your cards have been dealt for the last time  
I'll take her now  
You're at your end not even deuces left to turn it around  
Sheriff, put him down
