The Ongoing Concept

Let's deal the cards again!
It's trickery, it's trickery at its worst
Your bluff is called, I see your eyes
You lied to me, and now I'm all in
Hey bartender, grab me a chair
I've got some business to settle

Hey, how y'all doing?
I don't know where I'm going, but I know where I've been
I've spent so many days trying to find my way back home
I get so lost so many times before
But I think I've finally found my place

I'm done with it, I'm done with it
And there's nothing you can say to bring me back to it
I'm done with it, I'm done with it
And there's nothing you can say to bring me back to it
Nothing you can say

Don't mess up one single time
You may never get the chance again
Don't mess up one single time
You may never get the chance again

Don't mess up one single time
You may never be the same again (same again)
Don't mess up, even for a second
You may never get the chance again

I see you by that table
It's time to show you these cards
You've failed to figure out that I can see right through your lies
Now I've got the upper hand, oh baby
You've mistaken me for someone I used to be
But your trickery, it has failed

Trickery will never defeat me
Trickery will never defeat me
Trickery will never defeat me
Don't mess up one single time (single time)

Don't mess up one single time
You may never be the same again (same again)
Don't mess up, even for a second
You may never get the chance again

I don't know where I'm going, but I know where I'm at
Oh, I've spent so many days trying to find my way back home
I was tricked once, but I won't be tricked again
There's a cheater in the house, and I won't stand for it anymore

You'll never get a chance
To take my money again
Hey y'all, we've got a cheater in the house
Haha, you're not getting away with your trickery

Oh Sheriff, it's time you got him brought out here

And I'm taking back all that is mine
Hey Sheriff, why not show this guy to the door?

(You are the one
I can't find, can't find another)
