

## Shake It

### The Ongoing Concept

You only get one chance, you got to take it  
If you want to live long, you got to shake it  
You only get one chance, you gotta take it  
Everybody's got to get up and down

Moderation, peace of mind  
Convincing myself that I'll be alright  
Do you really want to live forever?  
We could die today, we could die tonight  
We could die tomorrow, We could die right now

We're so wrong, anybody know what they want  
Oh you've got to get down  
Everybody's got to get up and down

Shake it, shake it, shake it, baby shake it

Peace of mind so I can finally sleep at night  
I don't understand what I'm searching for  
If I take a chance, what am I waiting for  
I don't understand what I'm searching  
I could die today, I could die tonight  
But I want to live right now

We're so wrong, anybody know what they want  
Oh you've got to get down  
Everybody's got to get up and down

You only get one chance, you got to take it  
If you want to live long, you got to shake it  
You only get one chance, you got to take it  
Everybody's got to get up and down

I could die today, I could die tonight  
I could die tomorrow, I could die right now

If you get a chance then take it (Take it, take it)  
If you want to shake it (Shake it, shake it)

I don't understand what I'm searching for  
If I take a chance will I find something more?  
I don't understand what I'm searching for
