

# Dandy

The Orion Experience

Dandy you were my baby  
You stole my money  
Where did you go?  
Dandy you left me lonely  
You wore my make up  
Oh please come home

I remember you were hanging on the east side of the park  
Little vagabond, a tattered angel, alone in the dark  
I said where you stayin baby, I can give you a home  
Just follow me, my heart is free  
And we don't have to be alone anymore

Dandy I love you honey  
You are my savior  
You are my song  
Dandy I gave you everything  
Please tell me baby  
Just what went wrong

In my room we'd laugh with cigarettes and French magazines  
You danced in all my dresses  
And you painted me like a beauty queen  
You showed me how to lift things from the liquor store  
You took my hand, I knew right then  
I didn't have to be alone anymore

On Saturday you told me, you'd take the bus downtown  
To visit your sick mother, for a while  
I gave you twenty dollars, to go and buy her flowers  
I must've known that you were lying  
I wonder did you hear me crying?

Dandy without you baby, how will I make it  
I just don't know  
Oh dandy, I would do anything  
For one more moment  
Just please don't go  
Please don't go, please don't go  
Please don't go, please don't go  
Please don't go
