

Dream With Me

The Orion Experience

Dream with me, under the sea
Float away, come dream with me

We could spend the day together on a seahorse carousel
Search for pirate treasure, find a pearl inside a shell

Dream with me, under the sea
Float away, come dream with me

Dream with me, under the sea
Float away, come dream with me

Listen how the whales are singing a lonesome melody
Let's throw them a party and we'll dance around so joyfully
I could build a castle out of sand, we'll call it home
(Home, sweet home)
Hop upon a jellyfish and let our spirits roam

Swim along to the cinema to catch a maritime movie reel
Dancing mermaids twirl in time around the handsome crooning sea
l
We can ride this wave forever through some rocky storms togethe
r
Our imagination sets us free

Dream with me, under the sea
Float away, come dream with me
