

## Fever Dream

## The Orion Experience

When we're sleeping, lucid dreaming  
Meet me in the sky  
Our hearts become entwined  
Now you can read my mind

Floating weightless  
Waves of pleasure  
Sparkle on and on  
Forever

Velvet slumber  
Hear me calling  
Distant thunder  
Drifting, falling

Rolling through  
The cosmic ocean  
Boundless waves of  
Tranquil motion

Colors of your  
Mind's creation  
Soothes your soul  
With wild vibrations
