

Hyperfixation

The Orion Experience

Baby, let me be
(Let me be, let me be)
Your Hyperfixation
I could be anything you need
(Anything you need)
You know I need the validation
Oh baby, baby, let me be
(Let me be, let me be)
Your latest obsession, oh yeah
I need you on your knees
(Begging for me please)
Or I don't get no satisfaction

Ooh, your parasocial interaction
Sets my soul on fire
You could be my loveliest distraction
For a little while
Some may say it's a bit of an addiction
I'm not going to lie
If I can't get your digital affection
Girl, I'm gonna die

So baby let me be
(Let me be, let me be)
Your Hyperfixation
I could be anything you need
(Anything you need)
You know I need the validation
Oh pretty baby, let me be
(Let me be, let me be)
Your latest obsession, oh yeah
I need you on your knees
(Begging for me please)
Or I don't get no satisfaction

Ooh, your parasocial interaction
Sets my soul on fire
You could be my loveliest distraction
For a little while
Some may say it's a bit of an addiction
I'm not going to lie
If I can't get your physical attention
I'm gonna lose my mind

Oh baby, baby, let me be
Let me be, let me be
Your Hyperfixation
I could be anything you need
(Anything you need)
I could be anything you need
(Anything you need)
Oh pretty baby, let me be
(Let me be, let me be)
Your Hyperfixation
Oh yeah
