

Lower East Side Love Song

The Orion Experience

Well you're a sweet heartbreaker in a baby doll tee
It's Saturday night, you get your drinks for free
And you're walking so tall like you're out of my league
But baby, you'll be mine tonight I guarantee
Cause I ain't just another Lower East Side junkie
I'm a cool motherfucker who's about to get lucky
Cause now I got your number and I got your name
And I've been around the block enough to play the game

So come on (come on)
Yeah come on (come on)
It's as easy as the lyrics in a rock-n-roll love song
Ooh I wanna kiss ya, ooh I wanna hold ya
I wanna get to know you, and the devil on your shoulder
Come on (come on) yeah come on
Cause little girl you're old enough to know
The Lower East Side Love Song
The Lower East Side Love Song

Well you're the punk-rock princess of Avenue A
I seen you on the street, you don't have much to say
Cause I think you think you're just a bit too good for me
But I seen you with the homies down on Avenue D
Come on, let down your guard a bit, you don't fight fair
Yeah loosen up your collar girl, let down your hair
Cause underneath our clothes you know we're all the same
And you've been around the block enough to play the game

So come on (come on)
Yeah come on (come on)
It's as easy as the lyrics in a rock-n-roll love song
Ooh I wanna kiss ya, ooh I wanna hold ya
I wanna get to know you, and the devil on your shoulder
Come on (come on) yeah come on
Cause little girl you're old enough to know

Now it's just a game, for all of the boys and the girls to play
And it's just a song, so take my hand, sing along!
I know you got a lover, I could love you better
Kinky little chick in a pink and purple sweater
Let me be your candle, you could be my flame
We could stroll around the block a bit and play the game

So come on (come on)
Yeah come on (come on)
It's as easy as the lyrics in a rock-n-roll love song
Ooh I wanna kiss ya, ooh I wanna hold ya
I wanna get to know you, and the devil on your shoulder
Come on (come on) yeah come on
Cause little girl you're old enough to know
