## The Orion Experience

Gumdrop, lollipop, boom a little candy shop  
I wanna feel your sugar rush through my veins  
Whipped cream, jellybean, sweet and sour tangerine  
I wanna feel your sugar rush through my veins

Honey I wanna be the sunshine falling on your long, black licor  
ice hair  
Give me chocolate kisses I'm a kid in a candy shop  
Once you get me started up, I don't know when to stop

Sugar, sugar, oh you're no good for me  
I got a sweet tooth - it gets the best of me  
And you're like candy, you go down so easily  
Sugar, baby, can't you see, you're going to be the death of me

Cupcake, caramel, oh my little wishing well  
Make my mouth water such a sweet surprise  
Bon bon, peppermint, oh so young and innocent  
Make my heart flutter from your sugar high

Cookie I wanna be the flicker that sparks your red-  
hot cinnamon smile  
Wild cherry, pixie stix, can I get a little fix  
Once you get me fired up, I don't know when to quit

Sugar, sugar, oh you're no good for me  
I got a sweet tooth - it gets the best of me  
And you're like candy, you go down so easily  
Sugar, baby, can't you see, you're going to be the death of me

Oh, you make me high  
I can't resist your deliciousness just sweetly be mine  
I hate to say goodbye  
You make me burst like a bubble but you're nothing but trouble  
yeah

Sugar, sugar, oh you're no good for me  
I got a sweet tooth - it gets the best of me  
And you're like candy, you go down so easily  
Sugar, baby, can't you see, you're going to be the death of me

Sugar, sugar, sugar, yeah  
Sugar, sugar, sugar, yeah  
Sugar, sugar, sugar, yeah  
Sugar, baby, can't you see you're going to be the death of me
