The Orwells

Should'a smiled when I saw
Everyone that did me wrong
Get a house and waste away
I'll do anything you say

Closed mind for one last time
Flip the pillow 'til I'm fine
Pull the sheet over my head
Spend the next four years in bed

Save my money for a place
(Hey, be another day)
Time I found another face
(Hey, be another day)
Find an institution
(Hey, be another day)
Cash in all confusion
Heeeyyy

Want me to be a man
Put paper in my hand
Moving to keep you out
Can't say what it's about

Woke up and you were gone
Bloody hell were you gone
Moved on then keep on movin'
Ooonnn

Save my money for a place
(Hey, be another day)
Time I found another face
(Hey, be another day)
Find an institution
(Hey, be another day)
Cash in all confusion
Heeeyyy

(Hey, be another day)
Heeeyyy
