

Baby's Back

The Osmonds

Baby's back
La la la la la la la la
Your baby's back
You are the one I need
Baby, you're the one
I'm always living for
Baby's back
La la la la la la la la
Your baby's back
You're the one I see
Baby, you're the only
Other part of me

Strangers to the left
Strangers to the right
I can't find another
Heaven knows I've tried
I can't get you baby
Out of my mind, no, oh
I spent a year in Memphis
Memphis Tennessee
When I left you baby
Oh, I just couldn't see
Living's just existing
Without your love, yeah, yeah

Baby's back
La la la la la la la la
Your baby's back
You are the one I need
Baby, you're the one
I'm always living for
Baby's back
La la la la la la la la
Your baby's back
You're the one I see
Baby, you're the only
Other part of me

Since I got your letter
Letter from you to me
I bring my loving to ya
Special delivery
Ain't no doubt about it
Loves on it's way, yeah, yeah
Cause looking at you baby
You sure look good to me
How I live without you
Is a mystery to me
Oh, I love you baby
I'm out of my mind, yeah, yeah

Baby's back
La la la la la la la la
Your baby's back
You are the one I need
Baby, you're the one

I'm always living for
Baby's back
(Your baby's back)
La la la la la la la la
Your baby's back
You're the one I see
Baby, you're the
Only other part of me

Baby's back
(Your baby's back)
La la la la la la la la
Your baby's back
