

Carrie

The Osmonds

La, la la la la la, la la la la
La, la la la la la, la la la la

Carrie, carry me through
Nobody knows me
like Carrie, you do
Carrie, Carrie won't you
Be with me, darling,
like you used to do

Let's not get in a fight now
So someday you just might girl
Want me the way I want you
By the way, did you
know that I love you

Carrie, carry me through
Nobody knows me
like Carrie, you do
Carrie, Carrie won't you
Be with me, darling,
like you used to do

La, la la la la la, la la la la
La, la la la la la, la la la la

Don't mind my disposition
I can see your position
I'm gonna make the old new
By the way, did you
know that I love you

Carrie, carry me through
Nobody knows me
like Carrie, you do
Carrie, Carrie won't you
Be with me, darling,
like you used to do

La, la la la la la, la la la la
La, la la la la la, la la la la

La, la la la la la, la la la la
La, la la la la la, la la la la

La, la la la la la, la la la la
La, la la la la la, la la la la
