

## Check It Out

The Osmonds

There's a girl down on the corner,  
check it out.  
There's a girl walkin' down the street.  
There's a girl, she's mighty pretty,  
check it out.  
She's the girl I gotta meet.

Check it out,  
check it out, yeah.  
Check it out,  
check it out.

There's a girl, oh, is she lonely  
I'm the guy who's lonely too.  
There's a girl, she looks so sweet,  
I know what I gotta do.

Check it out,  
check it out, yeah.  
Check it out,  
check it out.

There's a girl down on the corner,  
check it out.  
There's a girl walkin' down the street.  
There's a girl she's mighty pretty,  
check it out.  
She's the girl I gotta meet.

Check it out,  
check it out, yeah.  
Check it out,  
check it out.
