

## Clouds (Both Sides Now)

The Osmonds

Rows and flows of angels' hair  
And ice cream castles in the air  
And feather canyons everywhere  
I've looked at clouds that way

Now they only block the sun  
They rain and snow on everyone  
So many things I would have done  
But clouds got in my way

I've looked at clouds  
From both sides now  
From up and down  
And still somehow  
It's cloud's illusions I recall  
I really don't know clouds at all

Moons and Junes  
And Ferris wheels  
The dizzy dancing way you feel  
As every fairy tale comes real  
I've looked at love that way

Now it's just another show  
You leave them laughing when you go  
And if you care  
Don't let them know  
Don't give yourself away

I've looked at love  
From both sides now  
From give and take  
And still somehow  
It's love's illusions I recall  
I really don't know love at all

Dreams and schemes  
And feeling proud  
To say I love you right out loud  
Tears and fears  
And circus crowds  
I've looked at life that way

Now old friends are acting strange  
They shake their heads  
And say I've changed  
Well, something's lost  
But something's gained  
I see it every day

I've looked at life  
From both sides now  
From win or lose  
And still somehow  
It's life's illusions I recall  
I really don't know life at all
