

# **Darlin'**

**The Osmonds**

Darlin', I look into your eyes  
And see what words could never tell  
Darlin' you've made me understand  
The me I thought I knew so well  
Like an angel sent from up above  
You came and touched my life with love

Oh, Darlin' I'd love to make you mine, I would

Darlin' each time I look at you  
I see a missing part of me  
Darlin' if you will walk with me  
We'll step toward eternity  
And when the world is finally through  
I'll still be ever loving you

Oh, Darlin' there is no end if I'm with you

Oh, Darlin' there's really nothing we can't do  
With you
