

## It'll Be Me

The Osmonds

Who's gonna shoe your pretty feet, who's gonna hold your hand?  
Who's gonna take you out tonight to listen to the band?  
Who'll be the one you love to love, who's gonna be your beau?  
Who's gonna show you out tonight, and take you to the show?

It'll be me, babe, it'll be me  
Comin' for thee, babe, comin' for thee  
Is there any doubt just who I'm talkin' about?  
It'll be me, babe, it'll be me

Who's gonna meet you in the morn, and court you through the day  
?  
Who's gonna pick you up at eight to rock the night away?

It'll be me, babe, it'll be me  
Comin' for thee, babe, comin' for thee  
Is there any doubt just who I'm talkin' about?  
It'll be me, babe, it'll be me

It'll be me, babe, it'll be me  
Comin' for thee, babe, comin' for thee  
Is there any doubt just who I'm talkin' about?  
It'll be me, babe, it'll be me
