

# Save Me

The Osmonds

What's the use of this  
Why do I even try  
And problems disappear  
Every time that you walk by

The writings on the wall  
Yeah, it's written in our hearts  
It's bigger than our fears  
It's everything we are  
Like a beautiful moment that never fades away

I don't know what it is  
I only know that you can save me, save me  
I run into your arms  
As you erase a world gone crazy  
Will you save me  
Oh you save me

Save me from myself  
And all of my mistakes  
You rescued me my freedom  
When I felt like a slave

It's everything you do  
Without knowing what you did  
Yeah, it's your faith in me baby  
That makes me want to live  
Like a beautiful moment that never fades away

I don't know what it is  
I only know that you can save me, save me  
I run into your arms  
As you erase a world gone crazy  
Will you save me  
Oh you save me

You reach into the storm  
Just to pull me back to life again  
You act like it was nothing  
But it's the reason why I survive  
I don't know what it is  
I only know that you can save me, save me

I don't know what it is  
I only know that you can save me, save me  
I run into your arms  
As you erase a world gone crazy  
Oh, you save me  
Oh you save me
