

Send A Little Love

The Osmonds

Let's send a little love
all around the world
for every man, woman,
boy and girl
And hope someday
we all will live as one,
yeah oh yeah

Let's send a little love
all around the world
For every man, woman,
boy and girl
And hope someday
we all will be as one

Now love is a word
with a lot of meaning
Love can mean so much
to you and me (you and me yeah)
It's an answer to a question
For a long time it has functioned
On good old peace, joy
and sweet liberty, oh yeah

Let's send a little love
all around the world
For every man, woman,
boy and girl
And hope someday
we all will be as one

Now hate is a word
that has no meaning
So let's erase that one word
from our heart (from our heart, yeah)
There can be a big bright tomorrow
Oh, but first we've got to stop
and make a start

In each life there will be
pain and sorrow
But love, love, love, love
can keep us from falling apart, Wo

Let's send a little love
all around the world
For every man, woman,
boy and girl
And hope someday
we all will be as one
