

# Utah

The Osmonds

Well I'm going back to Utah  
Utah is the place where I want to be  
Utah, you tell me bout all the places that you wish you  
could see

Just give me my home, my girl, my friends, my family  
Give me time to rest my mind, then we'll have a party

Come on and shout, oh yeah  
Come on, everybody  
Come on we're going home, sing, shout  
Come on and shout, oh yeah  
Come on, everybody  
Stop what you're doing now and sing, shout

Just give me my home, my girl, my friends, my family  
Give me time to rest my mind, then we'll have a party
