

## Jane

## The Outfield

Looks like she came from the sixties  
Wearing flowers in her hair  
Still in love with Sgt. Pepper  
Seen it all 'cos she was there  
Saving up her memories for another rainy day - Jane

Sending out an invitation  
Tries to hide her dream affair  
Confidential information  
Making headlines everywhere  
She could tell the truth and watch the words get  
re-arranged - Jane

Look at all these nowhere people  
Little piggies everywhere  
Never keeps their name or number  
String of pearls that she can't wear  
One day all her secrets might be in the news  
again - Jane  
Saving up her memories for another rainy day - Jane

One day all her secrets might be in the news  
again - Jane
