

## Part Of Your Life

The Outfield

You're taking this hard - and I still don't know  
If we've got a price - I'll let you go  
I don't wanna be just a part of your life  
I can't complain if I'm not sure  
I'll only remain if you're still pure  
I'm not gonna be just a part of your life  
You know I won't share you with another man  
So don't expect me to try and understand  
I don't wanna be just a part of your life

There's another choice  
There's another dream  
There's another place  
Another reason for living  
There's another face  
There's another mind  
There's another soul  
Another heart I could find  
I don't wanna be just a part of your life

I don't wanna know what might be wrong  
Start looking for something that might be gone  
I'm not gonna be just a part of your life  
Making up for lost time won't ease the pain  
Or start looking for something - just to ease the strain  
I don't wanna be just a part of your life

I don't want a friend just to turn to  
I don't need a hand that can only pull me through  
I'm not gonna be just a part of your life  
I don't wanna be just a part of your life
